Case No. 4781

**ORDER AUTHORIZING PAYMENT OF
BONDS OF STEWART COUNTY, TENNESSEE**

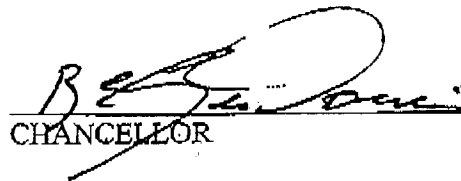

It appears to the Court, from the Motion filed on behalf of Stewart County, Tennessee for an Order for the payment from the proceeds of the US Treasury Note, the School Bonds, Series 1996, that the US Treasury Note was purchased for the purpose of paying these bonds; that Sentinel Trust Company was escrow agent for Stewart County; and that Sentinel Trust Company is bound to use the proceeds of the US Treasury Note for the payment of these bonds;

It further appears to the Court from the statement of counsel for Stewart County that certain other payments on outstanding bonds of Stewart County will become due and that Sentinel Trust Company has the books and records to make the payments from funds to be furnished by Stewart County;

It is therefore ORDERED that the Receiver use the proceeds of the US Treasury Note purchased for this purpose to pay the School Bonds, Series 1996 on September 1, 2004; and it is

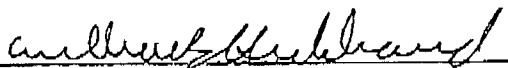

further ORDERED that the Receiver is authorized to make payments on other outstanding bonds of Stewart County from funds furnished to the Receiver by Stewart County.

It is ORDERED that this Order shall not be stayed after entry.
